More hotkeys to facilitate keyboard users

Compatible with 2k and 4k high-resolution screens

Improved bookmarks functionality

RadarOpus menu and messages now also in Russian, Turkish and Bulgarian

Improved and more interactive Help section

SAFETY FIRST

Your peace of mind

Software Protection allows Radaropus to run without a hardware protection key. The level of security is the same. But now you don't have to worry about bringing the dongle with you!

We are now trusted by most antivirus programs, thanks to *Microsoft's DigiCert Authenticode*, so our program can be easily recognised for a smooth installation.

More for your Patient File

Sleek and visually improved

Four automatically generated graphs of your patients (sex, age, remedies, pathologies)

Graphical view of the patient's trend

Search words in consultation text (Diamond Engine only)

The screenshot shows a search interface with the following fields and values:

- Search in consultations: [Search icon]
- Date: contains []
- Last name: contains []
- First name: contains []
- Sentence: contains [bossy]

Below the search criteria, there is a table with the following data:

Date	Last name	First name	Sentence
1 7/12/2017	T.	C.	very bossy, even as a child, even when playing games desire of spices, on any dish +++

🔑 Possibility to conclude cases (when cured)

🌐 Extended search functions in your cases and in Clificol

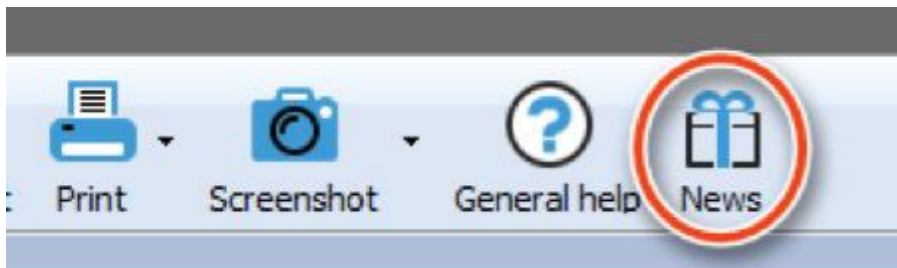

📄 Improved invoicing module

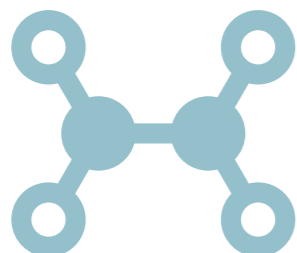

Further steps for GDPR and HIPAA compliance

A “News” icon to give you the latest info on offers, Homeopathic News and much more!

Expanded remedies catalogue now offers 7.791
UNIQUE REMEDIES
